

# THE PORTSMOUTH HERALD

VOL. XXVIII, NO. 425.

PORTSMOUTH, N. H., TUESDAY, FEBRUARY 18, 1913.

Portsmouth Daily Republican Merged  
with THE HERALD, July 1, 1902.

PRICE, TWO CENTS.

## BASS VOTES GO ELSEWHERE

Another Ballot Taken at Concord Without Any Choice.

Special to The Herald  
Concord, N. H., Feb. 18.—Another vote for United States Senator was taken at noon today without any choice. Hollis, the leading candidate today lacked eight votes of an election. All of the followers of Ex-Governor Robert P. Bass, with the exception of two devoted their leader, their votes being given to Britton and Boulanger. Col. John H. Bartlett of this city received two votes, Reed of Nye, and Beckman of Seabrook voting for him. The vote was as follows:  
Whole number of votes cast ..... 400  
Necessary for a choice ..... 201  
Hollis ..... 193  
Pearson ..... 161  
Britton prog ..... 14  
Chalmers ..... 13  
Boulanger prog ..... 8  
Woodbury ..... 5  
Bartlett ..... 2  
Bass prog ..... 2  
Carr ..... 2  
Absent ..... 3  
Total ..... 24

Washington, Feb. 17.—Forecast for New England—Fair Tuesday; Wednesday fair and rising temperature; moderate north winds.  
Local forecast for Portsmouth and vicinity—Tuesday fair and colder; Wednesday fair, rising temperature; moderate northerly to westerly winds.

### HE CAMPS AT DOVER

That the Boston & Maine railroad is considering the freight proposition in Dover is evidenced in the continued visits of Assistant Trainmaster Fossie. Nearly all of that official's time of late has been put in at Dover.—Dover News.

## NO CHANGE IS EXPECTED

Small Attendance at Concord on Night Before Full Ballot and Little Interest

Concord, Feb. 17.—There was the smallest attendance of legislative members and others about the Eagle this afternoon and evening, since the senatorial contest actually began. In fact, the gathering did not exceed the usual Monday night attendance of other sessions. It was said that some of the Progressive party leaders were in Manchester in conference with some of the men there high up in the party councils, the subject under consideration being the disintegration of the Bass support last week and if the time had not come when a union with the Republican forces would not be seriously opposed.

It was also said that Mr. Hollis and some of his principal lieutenants had gone to Manchester, having heard that Senator-elect Hughes of New Jersey was there and in conference with National Committeeman Reed. It was announced that Hughes would come here in the morning, but it was said that Mr. Hollis did not consider it safe to leave the voluntary arbiters in the hands of Mr. Reed alone over night, in view of the convictions that the latter expressed at Thursday morning's ratification meeting, here, having successfully survived the onslaught of Congressman Murray, week before last the anti-Hollis people seemed to cherish no fear from this renewal of outside interference.

Among those here, there was no admission of knowledge of any change in the situation that looked like an early termination of the contest. There seemed no prospect that Mr. Hollis

(Continued on Page Two.)

## SUPREME COURT WILL DECIDE

Aviation Rights Touched Upon in a Portsmouth Harbor Case.

A Washington dispatch says the much disputed right of one aviator to fly over another's land may be touched upon if not specifically considered, by the supreme court for the first time, shortly after court convenes next week. The point embraces the question of whether the government has taken property, within the meaning of the constitution by firing cannon over it, as a practice exercised in time of peace.

The case concerns the operation of Battery Bohlen in Maine, near Portsmouth, N. H. The Portsmouth Harbor Land and Hotel Co., owns a strip of land along the seashore, on which a hotel and cottages have been built as a summer resort. The battery is directly back of the land, with only a narrow frontage on the seashore. Should shots from the fort be fired over the government's own property, it is claimed they would come dangerously near a lighthouse of the company's New Hampshire shore. The company asserts that the government not only has shot across its land, making it undesirable for a summer resort, but that shooting across its land is the only practical way that the guns may be discharged. Under such a situation it is claimed its property has been taken by the government. The company lays claim to dominion above the surface of the land as well as under it.

### MUST GIVE UP \$1000.

If Not the Verdict Will Be Set Aside.

Under the employers' liability act the estate of Mr. Bethune brought suit against the Central Vermont railroad, and was awarded a verdict of \$10,000 and a special verdict of \$500 for pain and suffering. The defendant immediately filed a motion to set aside the verdict on the ground that the damages were excessive, inasmuch as the deceased husband was earning \$564 a year, and had an expectancy of life of but 18 years.

Judge Aldrich at Concord directs that the plaintiff remit one thousand dollars of the verdict within ten days, and if not remitted in that time, the general verdict will be set aside.

### FINED \$25.

Elkins Also Has a Jail Sentence Hinging Over Him.

John Elkins of Danville, whose place was raided on Sunday by the county officials and a quantity of liquor found, came here on Monday and pleaded guilty before Judge Thomas H. Stone to the charge of illegally keeping liquor for sale. He was fined \$25 and costs amounting to \$30. Judge Stone also imposed a sixty days' jail sentence, the minimum to be issued in the call of the county collector.

### TEN MEN RULE OVER JERUSALEM

The Jerusalem municipality is composed of ten members, half of whom are chosen every two years. From these ten the Governor of the province of Jerusalem chooses one to be the president or the mayor. The president is the only member receiving a salary, which is about \$64 a month. The members of the municipal council or commission are chosen by the whole city, but are apportioned in accordance with the different races and religions. Their duties are largely advisory, the president exercising most of the power. All property owners who are Ottoman subjects have a right to vote for the commissioners.

The municipality does not concern itself with schools, courts, police etc. (these are provided by the government of the province of Jerusalem); its principal functions are the care, repair, light and cleaning of the streets; sanitary and quarantine inspection and oversight, including the public slaughter house; the maintenance of a petroleum storage warehouse and a municipal hospital and other charitable institutions; market regulations, etc. As the total budget is under \$50,000 for a city of about 30,000, it will be seen that the provincial government handles most of the more important departments.—Consular report.

If you want a new Cadillac auto for 1913, it is well to order now. I have a few for late May and June delivery only. C. E. Woods.

## U. S. FORCES TO HEM IN MEXICO

Dispatch of 2000 Marines to Cuba Completes Steps Toward Prompt Action at Given Word

Washington, Feb. 17.—Soldiers, sailors and marines—contingents from all the land and sea forces of the United States, with warships, transports, equipment—are now being hurried to points most favorably situated for striking a prompt blow should intervention in Mexico be decided on.

Today 2000 marines were ordered south, and the movement began at once. They started from Portsmouth, N. H., from Boston, New York and other stations on the Atlantic coast. Half of them will sail tomorrow night from Philadelphia on the army transport Meade, already on its way from Newport News. The second thousand will start from Norfolk on the naval transport Prairie, which is expected to clear Wednesday. The marines will be drawn from the barracks at Norfolk, Washington, Philadelphia, New York, Portsmouth, Boston and Charleston.

The movement of troops has already been arranged. The latest order, issued today, was for the third cavalry of Fort Sam Houston to hold itself ready to embark for Galveston.

The dreadnoughts Vermont and Nebraska with Rear Admiral Fletcher aboard the Vermont, put in at Vera Cruz today at 8 a.m., bringing the total number of United States warships there up to three and the force of Jackson, officers and marines available for landing up to 2500. The third warship at Vera Cruz is the Georgia.

The U. S. S. Colorado sailed from Mazatlan today for Manzanillo on report of trouble there.

The navy department received official reports from Boston and Portsmouth of the departure of marine contingents from those places. One detachment left Boston in the early evening; another joined the Portsmouth company at midnight for Mexico.

Guantanamo is the present objective point of the marines, who will be established in camp in connection with the fleet under the command of Rear Admiral Badger. Whether these men will get farther than Guantanamo will depend on Mexican developments.

The marine brigade will be in command of Col. Lincoln Karmann. The 1st regiment, which leaves from Philadelphia, will be in charge of Col. George Barnett of Philadelphia, with Lieut.-Col. John A. Lajune of New York in second command. The 2d regiment, sailing from Norfolk, will be under Col. Joseph H. Pendleton, who was active in recent service of American marines in Nicaragua, and Lieut.-Col. Charles G. Long, who also was in Nicaragua, will be second in command.

The withdrawal of this large number of marines means, it is said, that that branch of the defensive service of the country will probably be obliged to go entirely unrepresented in the inaugural parade. It had been planned to have about 1000 marines in the line on that occasion.

At the various Atlantic coast barracks there are 2830 marines, the number at the places to be drawn on in the present movement being: Norfolk 785, Philadelphia 769, New York 573, Port-

## BOOZE ON THE ROOF

Sheriffs Keeping Close to Hackett on the Wet Goods.

P. J. Hackett of Biddeford, a cigar manufacturer well known here, appears to be out of luck at present. The men who hunt up booze in the county have been keeping close to Hackett of late, trying to find out whether his business is confined to wrapping up stogies or handling out that brand of hardware that has made Maine famous. Last week they called on the cigar man and on the roof next to his shop they found a box containing 37 half pints of whiskey, nine pints and camp bottles. Hackett says he is running no roof garden and that somebody with an alibi must have dropped the wet goods on the roof. Though he denies the ownership of the booze he was ordered into court and held in the sum of \$200.

### AUTO BURNED.

Portsmouth Man Loses His Machine in Fire at Lewiston.

In the fire of the Central garage at Lewiston, Me., on Sunday last, which caused a loss of \$54,600, a Winton automobile owned by William B. Gray of this city, valued at \$2000, went up in smoke. All the private cars lost in the flames were insured with the exception of one. Six private cars besides fifteen owned by the management were destroyed.

### LADIES' NIGHT.

At the Portsmouth Athletic Club on Feb. 27.

The Portsmouth Athletic Club will enjoy a ladies' night on the evening of Feb. 27. A committee from the board of directors are busy perfecting the arrangements for the same.

## PAST RANGERS HOLD BANQUET

The annual banquet of the Past Chief Rangers Club of Court Rockingham, No. 6, F. of A., was held at G. A. H. hall on Monday evening and there was a large attendance of the members. The special guests were Grand Chief Ranger, M. J. Dugan, of Manchester, and Grand Financial Secretary W. J. Callaghan of Keene.

A resolution heartily endorsing house bill No. 392, introduced in the legislature by Representative Callaghan of Keene, was passed.

The banquet was served by Frank C. Leary and it consisted of roast turkey and all the fixings. Those present were, William H. Moran, Wm. Cogan, P. T. McWilliams, J. T. Whitman, John Leary, Thomas A. Moran, U. J. Leary, Robert Capstick, Richard Donohy, Eugene J. Sullivan, J. P. Armstrong, Daniel Woodward, Michael Ahearn, Geo. P. Scott, William Ballard, D. J. Carroll, Wm. A. A. Cullen, Timothy Connors, John E. Meegan, Frank P. Clair, and John Quinn.

## BATTLESHIPS OF WORLD AFLOAT AND BUILDING

German Naval Authority Sees Approaching End of British Supremacy.

Berlin, Feb. 1, 1913.—The Marine Rundschau, the unofficial organ of the German admiralty, contains a list of the battleships launched, and in construction in the year 1912 by all the naval powers. The list shows in the first place the number and tonnage of the first class battleships and battle cruisers added during the year to the various navies—namely, Germany, 5, with 138,000 tons; England, 10, with 231,000 tons; the United States two, with 52,800 tons; Japan two, with 40,200 tons; and Austria-Hungary one, with 21,400 tons.

In the second class it shows the number of first class battleships and battle cruisers on the stocks, with the year in which each vessel will probably be ready to make her trial trip. Of these Germany has fifteen—the Kaiserlich Prinz-Regent, Luitpold, Konig Albert, each of 24,700 tons, these are to be ready in 1913; the Kaiser, Kaiserin and S which will probably be ready in 1914; the Kaiserin Brandenburg 1915, the battle cruiser Seydlitz 1914, the battle cruiser K. 1914; and the battle cruiser Prinz, Kaiserin Augusta 1915.

England has thirteen—the Ajax and Andalus, of 23,400 tons, to be ready in 1913; the Iron Duke Marlborough, Dedlow and Dohd, of 25,000 tons, which will probably be ready in 1914; the Queen Elizabeth, the Warspite, the Barham, the Valiant, of 27,000 tons, 1914 and 1915; the battle cruiser Australia of 19,000 tons, 1913; the battle cruiser Queen Mary, of 27,400 tons, 1913; and the battle cruiser Tiger, of 28,500 tons, which will probably be ready in 1914.

The United States has five—each capital ship on the stocks, France 4, Japan 4, Italy 7, Russia 14, Austria-Hungary 3, the Argentine 2, Brazil 1, Chile 2, Spain 3, and Turkey 2.

Commenting on these data Captain von Posten, says they show clearly how greatly England was weakened in outbuilding the introduction of dreadnaughts would compel all but the leading marine powers to abstain from increasing their naval equipment.

According to the list, he points out thirteen British battleships and battle cruisers will be put in commission in the course of the next three or four years. The time has thus passed, he remarks, when the British navy could deal with the navies of nearly the whole of the rest of the world.

Commenting on these data Captain von Posten, says they show clearly how greatly England was weakened in outbuilding the introduction of dreadnaughts would compel all but the leading marine powers to abstain from increasing their naval equipment.

The meeting consisted of six events—namely: 12 ft. shot put, Standing Broad Jump, Running High Jump, eight ft. bar, Sixteen Lap, and Twenty-Four Lap Stadium run consisting of Running High Jump, 1st, Staples of Keene, Sweeter of Portsmouth 4 ft. 10 in. 10 ft. 2nd, McDonough of Manchester, 1 ft. 8 in. 1 ft. 8 in. 3rd, 1 ft. 8 in. 4th, 1 ft. 8 in. 5th, 1 ft. 8 in. 6th, 1 ft. 8 in. 7th, 1 ft. 8 in. 8th, 1 ft. 8 in. 9th, 1 ft. 8 in. 10th, 1 ft. 8 in. 11th, 1 ft. 8 in. 12th, 1 ft. 8 in. 13th, 1 ft. 8 in. 14th, 1 ft. 8 in. 15th, 1 ft. 8 in. 16th, 1 ft. 8 in. 17th, 1 ft. 8 in. 18th, 1 ft. 8 in. 19th, 1 ft. 8 in. 20th, 1 ft. 8 in. 21st, 1 ft. 8 in. 22nd, 1 ft. 8 in. 23rd, 1 ft. 8 in. 24th, 1 ft. 8 in. 25th, 1 ft. 8 in. 26th, 1 ft. 8 in. 27th, 1 ft. 8 in. 28th, 1 ft. 8 in. 29th, 1 ft. 8 in. 30th, 1 ft. 8 in. 31st, 1 ft. 8 in. 32nd, 1 ft. 8 in. 33rd, 1 ft. 8 in. 34th, 1 ft. 8 in. 35th, 1 ft. 8 in. 36th, 1 ft. 8 in. 37th, 1 ft. 8 in. 38th, 1 ft. 8 in. 39th, 1 ft. 8 in. 40th, 1 ft. 8 in. 41st, 1 ft. 8 in. 42nd, 1 ft. 8 in. 43rd, 1 ft. 8 in. 44th, 1 ft. 8 in. 45th, 1 ft. 8 in. 46th, 1 ft. 8 in. 47th, 1 ft. 8 in. 48th, 1 ft. 8 in. 49th, 1 ft. 8 in. 50th, 1 ft. 8 in. 51st, 1 ft. 8 in. 52nd, 1 ft. 8 in. 53rd, 1 ft. 8 in. 54th, 1 ft. 8 in. 55th, 1 ft. 8 in. 56th, 1 ft. 8 in. 57th, 1 ft. 8 in. 58th, 1 ft. 8 in. 59th, 1 ft. 8 in. 60th, 1 ft. 8 in. 61st, 1 ft. 8 in. 62nd, 1 ft. 8 in. 63rd, 1 ft. 8 in. 64th, 1 ft. 8 in. 65th, 1 ft. 8 in. 66th, 1 ft. 8 in. 67th, 1 ft. 8 in. 68th, 1 ft. 8 in. 69th, 1 ft. 8 in. 70th, 1 ft. 8 in. 71st, 1 ft. 8 in. 72nd, 1 ft. 8 in. 73rd, 1 ft. 8 in. 74th, 1 ft. 8 in. 75th, 1 ft. 8 in. 76th, 1 ft. 8 in. 77th, 1 ft. 8 in. 78th, 1 ft. 8 in. 79th, 1 ft. 8 in. 80th, 1 ft. 8 in. 81st, 1 ft. 8 in. 82nd, 1 ft. 8 in. 83rd, 1 ft. 8 in. 84th, 1 ft. 8 in. ## DRYDEN THREW KILONAS IN STRAIGHT FALLS

**Will Meet Cyclone Burns for Light  
Heavyweight Championship  
of America.**

Bill Dryden, the local wrestler, disposed of another wrestler on Monday evening, when in straight falls he threw John Kilonas, sometimes known as the Terrible Greek of Manchester. The name did not fit here however, and in Dryden he found his match and with Kiloughy on the mat he did not try any of his famous rough-stuff. As a matter of fact Dryden usually takes good care of the man who starts the rough work.

## MUSTEROLE Clean, White Mustard Ointment

Takes the place of the old-time Mustard Plaster. Brings the same quick and delicious relief. And does not raise a single blister.

You get this clean, white ointment out of a clean, white glass jar. You simply rub it on—and the pain is gone!

No mess. You don't have to make a plaster, or bother with a cloth.

Wherever people try MUSTEROLE once, they insist on it always. Everywhere MUSTEROLE has been introduced the demand grows amazingly. Millions of jars are used annually.

Doctors and Nurses use it and frankly recommend it—ask your doctor. MUSTEROLE is a staple remedy in large hospitals.

It relieves everything that grand-mother's mustard plaster ever relieved—Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Colds of the Chest (it prevents Pneumonia).

At your drug-gist's—in 25c and 50c jars and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will send you a jar, postage prepaid.

Miss M. Speers, Graduate Nurse, St. Petersburg, Florida: "Better for its uses than anything else I have ever seen."

gling out of a hold although several times a scissor was him down considerably.

Dryden secured the first fall in 47 minutes, 28 seconds, with a toe hold. Kilonas, not being able to get away and forced to quit. Several times he had Dryden in a bad head scissor but he managed to break them unusually by lifting the Greek off the ground or with a toe hold for the Greek was shy of his hold and would do some tall wiggling to get away from it. His fall came in this way when Dryden pulled out of a scissor and pulled the Greek's leg into position for an effective toe hold and with a full body hold made the Greek yell enough.

In the second bout they went at it fast and for a time there was some lively grappling but the Greek showed the effects of his work while Dryden apparently did not. He played for the same toe he had the first hold on and it was laughable to see the Greek scramble to get out of the way. He finally went down with a head scissor and a toe hold, in 14 minutes.

Joe Kiloughy of Laconia referred and it was worth the price to see him work. He certainly knows the game and does not stand for any fooling, while his announcements are a feature.

Dryden will next Monday meet Cyclone Burns the light heavyweight champion of the world. Burns originally challenged Dryden agreeing to throw him twice in an hour, but after he had in turn disposed of such men as Hanson, Young Olson, Halm and Joe Turner he changed his mind and Monday notified Dryden that he would not give him a handicap but would wrestle him best two out of three. Burns, who is undoubtedly the best man of his weight in the world, weighs many pounds more than Dryden, but the latter agreed to meet him at his own terms so that the fans could at least see Burns in action, so he accordingly arranged the match for next Monday evening at Freeman's hall. This will insure the largest crowd of the season and that means the capacity of the hall.

The match will be for the light heavyweight championship of America.

Any time you want to take a drive just telephone 2, and Hishop will do the rest.

## PRESIDENT TAFT WARNS PRESIDENT MADERO

Washington, Feb. 17.—President Taft's reply to Madero's appeal to withhold American intervention in Mexico, sent by telegraph, was made public by Secretary Knox today, as follows:

"From your excellency's telegram, which reached me the 14th, it appeared that your excellency was somewhat misinformed as to the policy of the United States towards Mexico, which has been uniform for two years, or as to the naval or other measures thus far taken, which are measures of natural precaution. The ambassador telegraphed that when you were good enough to show him your telegram to me he pointed out this fact.

"Your excellency must therefore be aware that the reports which appear to have reached you that orders have already been given to land forces were inaccurate. The ambassador, who is fully informed, is nevertheless again instructed to afford you any desirable information. Fresh assur-

ances of friendship to Mexico are unnecessary after two years of proof of patience and good will.

"In view of the special friendship and relations between the two countries I cannot too strongly impress upon your excellency the vital importance of the early establishment of that real peace and order which this government has so long hoped to see, both because American citizens and their property must be protected and respected and also because this nation sympathizes deeply with the afflictions of the Mexican people.

"In deepening the anxiety shown by your excellency's message, I feel it my duty to add sincerely and without reserve that the course of events during the past two years, culminating in the present most dangerous situation, creates in this country extreme pessimism and the conviction that the present paramount duty is the prompt relief of the situation.

"William H. Taft."

## CATSUP SEIZED AND DESTROYED

Boston, Feb. 17.—An interesting spectacle was presented on Constitution Wharf this forenoon, when some 92 barrels of catsup, declared purged and unfit for food, was dumped into the sewer by Deputy U. S. Marshals Ruhl and Helms of Marshal Murchie's staff.

The catsup in question was seized in December last, the result of investigation and raids by Drs. Raynor, Adams and Holton of the U. S. Pure Food Bureau of Boston, and approximately amounted to 5000 gallons, and of prime quality of a market value of about \$3500.

It was consigned, it is said, by parties in New York to a concern here. As was to be expected, the work of dumping the stuff today attracted quite a crowd of curious people, but the deputies, assisted by a husky, bunch of broad shouldered laborers, lost no time on the job. Upon the arrival of each team laden with the catsup the barrels were quickly rolled to the cesspool holes and their contents dumped into the sewer.

Many people no doubt had an idea that the catsup was to be emptied into the waters at the end of the wharf and that the upper harbor would be dyed a crimson hue, whereas the fact was that the filthy fluid, after entering the sewer, was conveyed through the high pipes directly to the Moon Island sewer basins off Dorchester Bay.

### A MELANCHOLY LACK.

The bishop of a western diocese wrote to a bookseller in New York for a book called "New and Contrite Hearts."

After a time he received a postal from the bookseller, saying, "We have no 'New and Contrite Hearts' in the store; neither are there any to be found in New York." The western prelate took great delight in sending the postal to the bishop of New York, and calling attention to the lamentable state of his diocese.—Youth's Companion.

### THE MASH NOTE.

In her suite in a New York hotel Sarah Bernhardt was narrating reminiscences of the stage to a group of dramatic critics. "Mash notes," you call them, 'est ce pas?' she said.

laughing. "Well, I received a very funny mash note once in a small town of your far West. 'You are adorable,' my mash note ran, and I'd have preferred to send you orchids; but in this one-horse town I am reduced to penning mashes only, of which I am forwarding a two-pound bag. Will you take supper with me tonight in a private room at the tavern? If you consent, blow your nose on the stage, and I will understand.' Mine Bernhardt laughed again. "And the worst of it was," she said, "I had a bad cold at the time and was afraid to blow my nose all the evening."—New York Tribune.

### TO ADDRESS THE ELKS

Mr. J. J. Hurley, assistant immigration officer of Boston, will address the Elks at a social at their home this evening. His subject will be "Immigration from a Practical Viewpoint." This is the first of the series of socials.

## Republicans Getting Together.

The proposition for an extraordinary convocation of the representative republicans of the country—a supplementary National convention as it were—in the early spring is far from being the foolish affair that the Boston Post and a few other democratic newspapers seem anxious to imply. As viewed dispassionately, far removed from partisan feeling or bias, sensible men everywhere, no matter what they may call themselves politically, are free to admit, and to admit unreservedly, that remembering, and putting into immediate practice, the familiar lines of "United we stand, divided we fall," the republican party in 1916, even earlier, will be as invincible as it has been for most of the time since 1860. And our democratic opponents are already beginning to fear that in spite of their most herculean efforts "standpatter" and "progressive," as factional designations, will be absorbed by the name republican which, for over fifty years, has been a synonym for industrial freedom and advancement and phenomenal prosperity, with but a few breaks to mar even in the slightest degree. We are of those who believe that mutual concession, a determination to pull once again unitedly, is clearly apparent thus early, the State of Michigan, as we pointed out editorially a few days ago, being the pioneer in what we believe will be the greatest political reunion of modern times. In order to continue the great work undertaken in 1860 and carried on successfully for most of the years since then we need the active support of the progressives and they, on the other hand, need us. It may be that another name may be chosen for the solidly united party, progressive-republican, perhaps, but whatever the decision the slogan of the present is "Get Together."

## "Wrong on Lincoln."

With this caption the Boston Post yesterday takes to task the Wall Street Journal, for its grotesque assertion that "One Abraham Lincoln, an obscure lawyer from the West, made a speech in this city of New York"—referring to his great effort in Gotham in February, 1860. Is it possible that this is another instance of "Homer nodding"? That the Journal editor was ignorant of the identity of the "obscure" lawyer whose debates with Stephen A. Douglas had stamped him as without exception the foremost political debater in the middle West, and who a few months after his New York appearance was to have as his chief opponent for the presidential prize the man whose name had been linked with his in the most memorable political debate, outside of Congress, during the years immediately preceding the Civil war? No, Mr. Journal. Abraham Lincoln may not have been as well known in the East as Seward, his principal competitor for the 1860 republican nomination, but that he was an "obscure" Illinois lawyer standard history effectually disproves.

## The Wilson Girls.

In the forefront of Washington society for the next four years will be four young ladies of the Wilson persuasion, and they are said to inherit the most pronounced Wilson traits. Of this amiable, and reputed scholarly, quartet three are daughters of the President-elect—Misses Eleanor, Jessie and Margaret, while the fourth, Miss Alice, is the only daughter of the newspaper man, brother of the President-elect, Joseph Wilson of Nashville, Tenn., her mother being a daughter of a prominent business man named Wilson of Clarksville, Tenn., but in no wise related to the family of Woodrow and Joseph Wilson. All of the young ladies in question are said to be possessed of abounding common sense, with the same disregard of fashion's frivolities shown unmistakably by their respective parents. It is safe to assume, therefore, that the Wilson girls will be in the van of sensible purveyors of what is best in the social circles of the National capital.

## New Wrinkle in Pyrotechnics.

As a whole, the people outside of the charmed army and navy society limits, and the drawing rooms of aristocratic official Washington, who will go to Washington to "take in" the inauguration of the first democratic President and Vice-President in sixteen years, are not likely to regret the passing of the time-honored inaugural ball, with its garish discomfort. When President-elect Wilson asked the inauguration committee to cut out the customary inaugural ball his first conception of an agreeable substitute likely to entertain the vast number of visitors who wouldn't have been permitted even a peep at an inaugural ball was a general reception in the immense rotunda of the capitol. But this was deemed impracticable after due consideration and just what to do calculated to please the numerous visitors became something of a problem. But the knotty question has been solved and so satisfactorily that what has been decided upon is likely to be the greatest feature of Inauguration day on record, following the oath of office and the inaugural address by the new President. The center of attention is to be a display of fireworks of a decidedly startling,

## Miss Minerva Crowell and Miss Phoebe Hawn, Known as "Two Venuses" of Hike to Washington.

Photo copyright, 1913, by American Press Association.

Two of the women who undertook the hike from New York to Washington have very pretentious nicknames. They are called "the two Venuses" of the hike. Above is a snapshot of the pair, taken during the early part of the march. Miss Minerva Crowell of South College is on the left, and Miss Phoebe Hawn of New York is on the right.

yet pleasing, character which will take place after dark on the big elliptical plot in the rear of the White House grounds. A vast sum of money has been expended for the greatest pyrotechnical display in the history of Washington. The set pieces are to be attached to balloons, which will carry them high in the air and with electrical connection the fireworks will be set off by electricity. Included in these pieces will be a Star Spangled Banner, of mammoth proportions, which will float across the sky and be greeted by the national salute. It is estimated that this unprecedented display of up-to-date fireworks—unprecedented in American annals, at all events—will last at least two hours and the beauty of this program is that everybody can see it. The display will appropriately conclude with an immense pictorial representation of President Wilson and Vice-President Marshall, the dimensions of which will be two thousand square feet as it appears high up in the heavens. "Go early and avoid the rush."

## The Observer

The death of Rear Admiral Mortimer L. Johnson, U. S. N., retired, removes a citizen who during his residence in this city had made many friends. The passing of Rear Admiral Johnson brings forcibly to mind the sad farewells made by death upon the members of the Portsmouth Athenaeum, their residing room being almost a daily resort for Admiral Johnson. Within a few years such familiar personages as Col. William H. Slocum, Captain Moses Dr. Frederick E. Potter, Robert Pierce, William A. Pierce, and other members of the association have passed to the other shore. All of these men were prominently identified with the interests of Portsmouth during their life. Col. Slocum held the office of mayor for three years and was the first chairman of the board of police commissioners, when the commission was created seventeen years ago. In all matters pertaining to the welfare of the city he took a deep interest and was particularly interested in the "betterment of the Sons and Daughters of Portsmouth." Dr. Frederick E. Potter was a familiar figure on our streets, and was quite prominent in the democratic party. If I remember right he was the first, or one of the first of our local capitalists to erect tenement houses, and allow the occupants to purchase them, the rent going toward the payment of the same.

I was talking recently with Col. Michael Crowley of Boston and this city, who takes a deep interest in the Sons of Veterans, and he informed me that a move was on foot by the Massachusetts Sons of Veterans to erect a monument to the memory of Gen. Frank D. Merrill, who was the first National Commander in Chief of the order. Gen. Merrill was for many years greatly interested in the welfare of the organization, becoming affiliated

with it while a resident of Auburn, Me., and a memorial of this nature would seem to be a fitting one. Not alone was Gen. Merrill's acquaintance and popularity confined to the Sons of Veterans. For upwards of a quarter of a century he traveled for the John Carter paper house of Boston and he was a welcome visitor to the newspaper and job printing offices throughout New England. If the Sons of Veterans need any assistance in their undertaking, I feel sure that there are many other acquaintances of Gen. Merrill, who would only be too glad to contribute to such a worthy object.

Paul M. Harvey, the well known jeweler, has returned from a month's trip to Cuba, Jamaica and Panama. Mr. Harvey speaks very interestingly of his visit to the Panama canal region, where he spent eight days. In order to understand the magnitude of the work one must visit the canal region, as the Panama cut alone is eight miles in length. Mr. Harvey was present when the landslide occurred in this portion of the cut and states that while the government was expecting something of this nature, they were not prepared for so extensive a slide.

People who cease their social activities with the arrival of Lent need only to consult the church calendar to be reminded that this winter the "social season" will be one of the shortest on record, due to the fact that Lent began on February 5, the earliest since 1818. The reason for this early arrival of that season of the year when the members of the social world are forced to lay aside their activities is that the lunar or ecclesiastical moon adopted by the churches hundreds of years ago, determines the date for Easter, which this year will fall on March 23, one date later than the earliest possible date upon which Easter may fall, March 22. The custom established by the churches decrees that Easter shall fall "on the first Sunday

after the first full moon after March 21st."

When a man dies we notice that many people have so many good words to say for him and perform in an ostentatious manner many kind acts. His former competitors in business attend the funeral and perform many kindly offices for the dead, when he is fairly out of the way. Now if these kind words were said when he was alive and pulling hard against the stream, he would have appreciated it more. But we have noticed at funerals men, who a few days or weeks before, could not find words mean enough to use against the poor man in the coffin. You might as well stay away. The kindly offices after death are not appreciated by the man in the box, and the folks at the funeral only smile in their sleeves and size you up. Give your good words when they are needed. Do your good works when they will do good. Do not throw on the thin guise of sympathy at the funeral, everybody can see through it.

## PEOPLE'S OPINIONS

### A Mistake.

Friends of Portsmouth—The item published in the Herald, Feb. 14, signed by my name, I discovered has given the impression by the words I used—"Being alone, etc."—that I missed my wife and children. My wife is in the hospital and children were taken to Newburyport, and I felt lonely. My nurse has been with me constantly, and has been faithful. The people of Portsmouth have been unusually kind to me and my family and I cannot thank them enough. I beg the people of Portsmouth will pardon me for the mistake I made for I did not intend the words to be taken as they have been. I feel very sorry over the error and hope no one will read hard, but will have a forgiving spirit toward me for I had no intention of misleading or overlooking the many kind favors that have been shown me. A. M. MORRISON.

55 Gates Street, Portsmouth, Feb. 16, 1913.

## PRESIDENT TAYLOR OF VASSAR RESIGNS

Poughkeepsie, N. Y., Feb. 17.—Dr. James Monroe Taylor, president of Vassar College since 1886, today tendered his resignation to the board of trustees to take effect at the end of the college year in June. The board also announced it had received the resignation of Mrs. J. Ryland Kendrick, principal of the college, effective at once. A member of the board of trustees explained that Dr. Taylor's resignation was due to his advanced age and the growing responsibilities of his position. Mrs. Kendrick resigned because of ill-health.

## PLANS \$10,000 GIFT FOR MRS. TAFT

Diamond Necklace to Be Presented Her by Washington Society Leaders.

New York, Feb. 17.—Having ordered the \$10,000 diamond necklace which the society leaders of Washington will give to Mrs. Taft, wife of the President, when she leaves the White House, Miss Mabel Boardman today returned to Washington from this city. She has given the commission for the necklace to a firm of jewelers here.

The form which the gift will take was decided at a meeting in the home of Miss Boardman in Washington before she left for New York. The cost will be defrayed by a large number of women who have been entertained by Mrs. Taft and who have had her as a guest at their homes during the stay of the Tafts.

The necklace may cost much more than the \$10,000, which is called a conservative estimate. Miss Boardman had with her a photograph of the necklace now possessed by Mrs. Taft and worn this winter at many state affairs. This was turned over to the jewelers who will make the gift in order that there may be no duplication in the design.

The gift was to have been kept a secret. It was arranged that even the donors should not know the form the gift was to take until the last moment, but the news leaked out.

Miss Boardman will resume her duties at the office of the American Red Cross Society in Washington. She spends every morning there, and never allows her social duties to interfere with this work.

## ORIGINAL SIN.

Father Officer Speaks Upon that Topic at St. John's Church Mission.

At the mission at St. John's church last night, Father Officer preached on "The Destruction of a World." He showed that when God wants to call men out of their usual life to a special relationship to Himself, He often does so, not by threatening their own destruction, but by destroying their world. So Noah saw his whole world destroyed in the flood, and was able thereby to heed God's word. Job not only lost all his children and all his possessions, but was by his loss, shaken free of the false theory of life, to which he had given himself, namely, that God always rewards good and punishes evil in this present world. And again Saul, the Pharisee, could only become the Apostle St. Paul by the loss of all that once he had counted dear. A mission is such a call, for it often means the loss of the world and the gain of heavenly treasure.

After the sermon, the preacher continued the informal instruction which was begun on Sunday. He spoke of original sin, that failure of the race, in which we all have our share. He showed how the facts of our human experience point to some calamity, some primitive mistake, by which our human development has ever since been hampered and distorted.

Tonight, Father Officer will preach upon "The Wreath of Prayer" and the instruction will show how Christ came not primarily to be our Example but first to be our Life. In other words, that He came to give us strength whereby we might be able to follow His example. A cordial invitation is given to all the people of Portsmouth to attend these services.

Farmers, mechanics, railroaders, laborers, rely on Dr. Thomas' Electric Oil. Fine for cuts, burns, bruises. Should be kept in every home. 25 cents and 50 cents.

Mrs. John Keith returned to Boston on Saturday, after a month's visit with her sister, Mrs. Whittier.

A Washington birthday party will be given at Hotel Whittier on Saturday night.

## ELIOT.

Nathan R. McKenney of Portsmouth was a visitor here Sunday.

The Dorcas Guild connected with the M. E. church met with Mrs. Wood on Friday evening.

Mr. and Mrs. Charles Tibbets of Portsmouth were in town Sunday.

The Ladies Circle connected with the M. E. church will meet at the home of Mrs. M. A. Spilney on Tuesday afternoon.

H. H. Fass was a visitor in Dover Saturday.

"Cinderella in Flower Land" will be given in Grange Hall on the evening of February 19th and 21st, proceeds to purchase new books for Pogg library.

Mrs. Hannah Laidton of South Berwick is the guest of Mrs. Martha Coleman.

Saturday being Washington's birthday and a legal holiday, there will be no delivery of mails by the carriers.

Next week the fair, supper, and dance given by the high school pupils.

## NEW ENGINES COMING

Boston & Maine Gets First of a Recent Order of 50 for Freight Service

The Boston & Maine railroad received notice a few days ago that 50 of the new engines that had been ordered from the Baldwin Works in Philadelphia, were completed and shipped. Men were sent from Mechanville to take charge of the engines until they reach that place and it is expected that a number of the locomotives will arrive and be put in use at once.

They are all of the heavy freight type and have all the latest improvements including the super-heating devices which render them much more powerful than any other type. Some of the engines now being used on the main line will be sent to the branch divisions as soon as the new ones arrive.

## OBSEQUIES

Dr. Benjamin Cheever

The funeral services of Dr. Benjamin Cheever were held from his late home on State street today at 2 p. m. Rev. Alfred Gooding being the officiating clergyman. Interment was in Harmony Grave cemetery, under the direction of Undertaker H. W. Nickerson. Members of the Portsmouth Medical Society attended the service.

Bilious? Feel heavy after dinner? Bitter taste? Complexion sallow? Liver perhaps needs waking up. Doan's Regulators for bilious attacks. 25 cents at all stores.

Do you know that Edwards & Oickey are equipped to do general machine work? Inspect their plant on Vaughan street.

## HEAD STUFFED? GOT A COLD? TRY PAPE'S!

Pape's Cold Compound Gives Instant Relief—Cures in Few Hours

You will instantly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound taken every two hours until three consecutive doses are taken, will end the Gripe and break up the most severe cold, either in the head, chest, back, stomach, or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25 cent package of Pape's Cold Compound from your druggist, and take it with the knowledge that it will promptly and positively cure your cold and end all the gripe misery without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.

## KITTERY

Breezy Items From Village Across the River.

Kittery Correspondent's Telegrams, 778-M; P. O. box 303.

Piscataqua Chapter O. E. L. No. 90, are to give a Japanese Tea party the first part of March.

Just seventeen years ago yesterday, Feb. 16, the old Second Christian church was destroyed by fire.

Rev. Arnaldo Natino gave two excellent sermons yesterday. The evening service was well attended.

At six o'clock Miss Mahelle Moore rendered a vocal solo, which was greatly enjoyed. At seven o'clock A. L. Sprague sang in his usually impressive manner.

Mr. and Mrs. Shaw of Whipple road have the sympathy of many friends, in the loss of their infant son who passed away Sunday morning.

Monday, Feb. 17, Mr. Warren Perreault quietly observed his 75th birthday on the Rogers road. All the daughters were present including Mrs. Carrie Clark of Ipswich, Mass.; Mrs. George Itteeny, Kittery Navy Yard; Mrs. J. E. Grant, Mrs. A. H. Young.

Thursday evening Feb. 20, a Valentine Social under the auspices of the Y. P. S. C. E. of the Second Christian church promises to be a very enjoyable affair. It is under the direction of the social committee, Mrs. Daniel C. Cook, chairman.

Mr. Jacob Patch of Whipple road, who sustained severe injuries on Saturday by falling from a ladder remains about the same.

York District Lodge meets on Wednesday, Feb. 19, with Whipple Lodge, No. 33, and Grand Chief Templar W. I. Herling of Waterville, Me., is expected to be present, and other grand and supreme officers of the order as well.

The session will open at 10.30 a. m., and in the evening the regular lodge meeting with Rockingham Lodge as guests will be at 7.30 p. m. Installation of officers and a program of readings, songs, and addresses, will be under the direction of Mrs. Alice B. Wentworth.

Mr. and Mrs. Justin H. Shaw and Miss Arvilla M. Shaw were in South Berwick on Monday to attend the funeral of their relative, John Plaisted.

Jacob Patch of Whipple road fell from a tree while clearing brown fall moth nests from his premises recently, and was badly shaken up.

Constitution Lodge No. 88, Knights of Pythias meets this evening at Odd Fellows Hall. There will be a drill of the first rank team.

Mrs. Arthur Chesley of South Berwick is the guest of Mrs. Edward Chesley of Government street.

Clifford Williams of Echo street, has resumed his duties in Portsmouth after an illness.

Regular mid week prayer meeting this evening at the local churches.

Miss Sophie Young of the Intervene fell recently, while working about the house. The aged lady was quite badly hurt and is being cared for by Mrs. Sarah Blanchard.

Mr. and Mrs. John Carroll of Government street, were visitors in Dover on Sunday, making the trip in their automobile.

William Wilson and daughters, the Misses Addie and Emma of North Berwick, went to South Berwick on Monday to attend the funeral of the late John Plaisted.

Mrs. Frank Smith and two daughters Norma and Leah, are guests over the coming holiday, of her parents, Mr. and Mrs. Stephen Synnott of Whipple road. They will be joined by Carpenter Smith on Friday.

Mrs. Anna Hobbs of Wentworth street will entertain the Ladies Social Circle on Thursday afternoon.

The regular meeting of the Phoenixes will be omitted this week.

James K. y. of Wentworth street has returned from a few days visit to his former home in Newfields, N. H.

George Williams of Echo street has

recovered from an attack of the gripe. The quarterly session of York County District Lodge of Good Templars will be held tomorrow with Whipple Lodge.

Mr. and Mrs. George Hayford of Portsmouth who pass the summer at their cottage at Locke's Cove returned from an extended trip to Florida and Illinois.

The first rank staff of Constitution Lodge No. 88, Knights of Pythias, is being reorganized under the direction of Fred W. Cross. This will be pleasing news to the members of the order not only in Kittery, but throughout the entire state, as for years the rank team of Constitution Lodge was recognized as one of the best drilled in the state and on several occasions carried off the honors in competitive drills at Portland.

## FIREMEN'S STRIKE STILL PENDING

New York, Feb. 17.—With the crucial hour in the threatened strike of more than 30,000 firemen at hand, Judge Martin A. Knapp of the United States Court of Commerce, who, with Acting United States Commissioner of Labor G. W. W. Hanger, is trying to bring about terms of settlement, admitted to a reporter today that the gravity of the situation was not to be minimized.

"It would be against public policy at the present to reveal the exact situation," said Judge Knapp, "but I may say that conditions now prevailing are the most grave, complicated, and threatening that have confronted us in 15 years. I hope, however, to carry to the committee of firemen at the Broadway Central Hotel some message from the railroad managers which will avert the menace of a strike."

This statement was made by the mayor just before going into conference with Ellsha Lee and his associates on the conference committee of railroad managers.

From other sources it was learned that while the threatened tie-up is critical in the extreme, it is not probable that the strike call will come today. So long as the Government's officers are accepted by both sides here can be no strike order issued, it was declared.

Judge Knapp, who returned from Washington today, said that his visit there had been to see his family, and that he had no conferences with Government officials. He had brought back no new proposition to submit, he added, and said that until he had concluded his conference with the representatives of the 64 Eastern roads involved and submitted their proposals to the men he could not say what the day would bring forth.

Later in the day Press, William S. Carter of the Brotherhood of Firemen declared that he would not issue a strike call in the event of affairs reaching such a point until all the delegates to the conferences had returned to the various stations, nor will a strike be declared until Judge Knapp had ceased his ministrations on behalf of adjustment.

Carter said that the engineers who have an agreement with the railroads would not be involved in the event of the firemen going out.

"There will be no strike call issued until all negotiations have been broken off. In that event the call will go out and 48 hours' notice will be given. It may come today and it may not come for several days. It is impossible to tell just at present which way the cat will jump."

## RAILROAD NOTES

Engineer Frank Whitten of the Wolfboro and Boston passenger has returned to his run after a few weeks absence, during which engineer Hooper of Sanbornville covered the run.

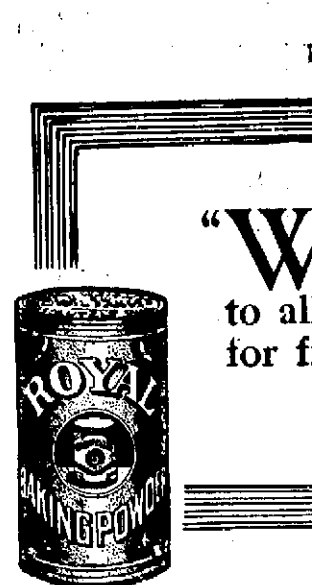

The New Hampshire Public Service Commission makes the following report on the matter of the petition of the Boston & Maine in the town of Rindge, appealing from a vote in the said town requiring crossing promotion, in place of requiring the railroad to station a flagman or to erect gates and keep a gateman at the crossing in question which is at West Rindge.

The commission orders the railroad to make installation of electrically operated automatic crossing signal of a particular design now in use on some of its western railroads. These signals cause a painted disc to be raised and electric lights to be displayed and a gong to ring whenever a train approaches within a given distance.

The investigation into the cause of the rear end collision in Canaan, last week conducted by Superintendent John Rourke of the Southern division, is not yet completed, but it has proceeded far enough to show that the block signal protecting the rear of the stalled freight was not at fault.

E. B. Brown has been appointed general yardmaster at Concord, P. H. Ahern, assistant, with jurisdiction over station yards at White River, Jct., and Westboro.

The New Haven railroad has decided to build a new four track bridge at New London, instead of the existing \$1,000,000 structure erected in 1890. The latter has been offered Connecticut for its highway system, and a resolve for the acquisition of

"WE recommend the Royal Baking Powder as superior to all others. It is indispensable for finest food."

—United Cooks and Pastry Cooks Association of the United States.

its purpose has been introduced in the state legislature.

Plans for the new freight yard in Concord are rapidly approaching completion, and it is expected that the work will be commenced immediately upon the completion of the yard extension at the shops at the south end.

## \$1 WATCH WINS PERU PRINCESS

American Engineer Flees to Escape Clutches of Dusky "Beauties."

The intrinsic value of a native belle of the mountains of Peru is equal to an ordinary dollar watch, according to George J. Shoup, adventurous mining engineer, who arrived in San Francisco from Panama on the steamer Kansas City after one year in the mountains and jungles of the South American country.

Shoup, who was at one time a student at the University of California, comes from a family noted for its career of excitement endured when only pioneers drifted across the western states.

The late Senator George L. Shoup of Montana, was the young engineer's uncle. Shoup's father, who is still strong and hearty, met with many adventures when he was United States marshal at Alaska.

When Shoup went to South America to investigate the possibilities of copper he had no intention of becoming the victim of the matrimonial designs of one of the Panamas chiefs.

"When the old chiefman was presented with a nice new watch which had a few ticks as loud as an American moving machine, he became so delighted that he hastened to offer as a reward the piece of his numerous daughters."

"One glance at the fat and smiling seven beauties was enough," said Shoup. "Accompanied by Indians, my native guide, I hastened from the scene of the chief's well meant intention without delay."

"I had been warned to be careful and not get into difficulties with the lusty Indian tribe which lives along the San river. This is the fiercest tribe of cannibals in South America, and despite the efforts of the Peruvian government, continues to carry on the practice of eating their captives."

"Through the efforts of an old Chinese who had married one of the cannibal women we managed to see a bit of the race and get away without being eaten or even molested. Just before our arrival a feast had been held which was described by the Chinese."

"Instead of roasting their victims the Indians cut the prisoner into pieces and then make a stew. Pumpkins and mango leaves, together with a lot of pepper and bananas, are put into the big pot and then everybody eats. These people eat human flesh, not because they are fond of the resulting dish, but because they believe in so doing they acquire some of the good traits of the victims and escape any undesirable ones."

"Excepting that their skin is a trifle darker, the cannibals resemble Chinese. Their speech is attended with the same lisping accent that is noted in the Chinese language."

"An effort was made one time by the government of Peru to exterminate this tribe. A whole regiment of soldiers was sent out to do the work. The tribe remained, but not one of the soldiers ever came back. All fell victims in the poisoned arrows sent through the long bamboo bludgeams."

"Among the souvenirs brought back by Shoup is a collection of two dozen hummingbirds with most brilliant plumage. The birds, after being shot with the native blowguns, were stuffed and mounted. Shoup said he will present the collection to his sister, who will have them mounted on her next season's hat.—Kansas City Journal.

J. Edward Pickering attended the meeting of the New Hampshire and Vermont Laundry Association held in Concord at the Eagle on Monday. He presided at the post prandial exercises.

For corns, toothache, pains, burns, scalds, sore throat, try Dr. Thomas' Electric Oil, a splendid remedy for emergencies.

Two boxes smoked herring, 25c at Clarke's Branch, Tel. 133.

## MUST ESCHREW, NOT CHEW, GUM

St. Paul, Minn., Feb. 17.—Girls must not chew gum in public, wear large hats, be flippant, play bridge or attend bridge meetings. They must have good domestic educations, be able to sing and play the piano and must have worked long enough to know the value of a dollar.

These are some of the requirements contained in answers to 50 letters sent to as many young men by Dr. H. N. Wilson, pastor of the Central Presbyterian church here. Dr. Wilson asked them to give their views of "The Ideal

young woman from the viewpoint of the young man who is considering marriage."

## STORE NEWS

N. H. BEANE & CO.,

PORTSMOUTH, N. H.

The carpenters and painters are still here, but we're gaining on them. A great deal has been accomplished—the shoe department is practically in its new position, the new flooring is laid and the painting is practically completed. Soon the cabinet makers will be here. And business is going on without interruption.

## ENTHUSIASM

Is an mighty good thing in business and when this is backed up by the "goods" it makes a powerful combination. We are enthusiastic and our business is growing. It is this evidence that we have the "goods".

And what man wouldn't be enthusiastic over our

shoe; built by shoemakers—fits like a glove; all styles, all leathers, moderately priced, \$4 to \$5.

Next time you're shoe buying think of us and Reliton.

## Cold Weather Footwear

Our prediction of cold weather was verified; winter is here in earnest and cold weather footwear is on the move. Our stock is quite complete and our advice is to prepare yourself for a stormy spell. Rubbers, arctics, lumbermen's overs, leggings, pattern, heavy soled shoes—quality good—priced right.

## Little Men and Women

Shoes for children. Treatise more careful fitting than those of adults. Children are growing every day and shoes fitted wrong are a peril. We take pride in our children's department and in our ability to take care of most any child's foot.

Broadwalks for the younger misses—the boy's shoe that's "right"—developers for infants.

# MARINES OFF FOR SERVICE IN MEXICO

## Rush Orders Received and Big Detachment Ready in a Short Time.

Quick time was made in mobilizing a detachment of 142 marines for service in Mexico, on Monday afternoon at this navy yard, and in a few hours after the order was received the marines were in full marching order and on their way to Boston.

The order came early in the afternoon, and many of the men were on liberty so that a detachment was sent ashore and rounded up the greater number. Every available man was taken, the barracks being stripped and from the prison guard 45 men were also drawn on as heavily as possible.

Cut. J. H. Pennell in command of the barracks was in command and he had with him Captain James Buttrick and Lieutenants W. H. Hill and E. H. Williams, U. S. M. C.

The detachment left an auxiliary unit attached to the five o'clock train and they left Boston at midnight for Norfolk where they are expected to sail on an army transport for Mexico. A large detachment from Boston, New York and Norfolk will make up the brigade.

### CALLED TO MANZANILLO

Washington, Feb. 17.—Rear Admiral Southernland, commander of the Pacific fleet, has gone with the cruiser Colorado from Manzanillo to Manzanillo, in response to a request of the United States Consul there, who

reported anti-American demonstrations. The big ship sailed last night, and should have arrived early today.

### FIGHTING IS RESUMED

Vera Cruz, Feb. 17.—Hostilities in Mexico City between rebels under Felix Diaz and Federal troops have continued today. President Madero was vigorously resumed at an early hour this morning, according to information reaching here from the capital.

The positions of the two forces had not undergone any change. Diaz and his followers still occupied the arsenal and several strategic points in that district, from where they were directing a raking fire on the National Palace and on the points at which Federal batteries were posted, and these replied shot for shot.

### REBELS IN POSSESSION

Brownsville, Tex., Feb. 17.—Without serious resistance, Meksomons, the Mexican town across the Rio Grande from Brownsville, passed into the hands of Mexican rebels at 5 o'clock this morning. This is the second Texas border town to be occupied by insurgents since the Diaz revolt, the other being Nuevo Laredo.

All local communication with Mexico was closed at 5 o'clock this morning when a company of Mexican

soldiers were stationed at the international bridge and a company of rurales at the ferry, and an order was issued forbidding the crossing of passengers at either point.

Large numbers of Mexicans living on this side of the Rio Grande were in Matamoros Sunday night. Two National railway bridges a short distance from Matamoros were burned Saturday.

Matamoros was taken by soldiers of the garrison, who at 3 o'clock this morning declared officially for Diaz. The revolutionists announced that the ferry and bridges from the American side would be closed until 3 o'clock this afternoon "to avoid any pillaging or disturbance" from lawless elements on the American side of the river. By 1 o'clock this afternoon the new regime expected to be fully equipped to maintain order.

### FIGHTING CONTINUES

Mexico City, Feb. 17.—Fighting continued this forenoon. There are indications of developments, however, of a character which soon may relieve the situation to a measurable degree. It is not possible to transmit details because of the close censorship.

### VERY HEAVY FIGHTING

Mexico City, Feb. 17.—Fighting throughout the morning was very heavy. The big caliber guns possessed by the rebels in the arsenal were almost constantly in use, and the Federal artillery brought another big siege gun into action, but did not succeed in silencing the rebel fire.

The engagement was very severe almost all night, but the firing then dwindled and developed into an exchange of rifle volleys. The rebels tried to pick off the Federal artillerymen as they were serving the guns.

The United States Embassy and the district surrounding it, in which there are many American residents, were not touched by any projectiles after the removal of the Federal battery, which had heretofore drawn the fire of the rebel gunners at the Arsenal.

### LODGE OPENS

### WAR ON TAFT

Washington, Feb. 17.—The Senate this afternoon eagerly joined battle with President Taft over the immigration bill veto. Mr. Lodge moved reconsideration, which carried, 76 to 1. The Senate adjourned, having agreed to vote at 3 o'clock tomorrow.

Bradley of Kentucky, Dapout of Delaware, and McLean of Connecticut, were among those mentioned this evening as weakening and as likely to support President Taft when the test came.

Senator O'Griffin of New York led the filibustering tactics today, while Senator Stone of Missouri and others followed.

President Taft's fighting blood is now up, says a special to the Boston Herald. It is whispered around Congress that he has in mind vetoing the river and harbor and the public building bill on the score of economy. This was a hint for the democrats, whose leaders have been crying out against disregard of the economy plank in the Baltimore platform.

Representative Roberts of Massachusetts, a member of the naval affairs committee, said tonight he believed the House democrats, frightened by the economy talk, would succeed in amending the navy bill before it left committee so as to provide for only one battleship.

## Drive away germs with GOLD DUST

The modern surgeon carefully cleanses hands and instruments before and after every operation; he realizes the danger both to himself and his patient of any clinging germs.

Germs thrive and multiply wherever they can find a lodging place in grease and dirt, and where things are scrupulously clean they find it hard to live.

The easiest and surest way to keep things clean lies in the use of Gold Dust washing powder. Gold Dust goes deep after dirt and routs out every germ and hidden impurity. It is the sanitary cleanser.

Opportunity is knocking at your door. Gold Dust is sold in 50 size and large packages. The large package means greater economy.

"Let the GOLD DUST TWINS do your work."

Hours: 9.30 to 12; 2 to 4.

# CROWS BEAUTIFUL, HEAVY HAIR WE PROVE IT--25 CENT "DANDERINE"

## Destroys Dandruff--Stops Falling Hair--Cleans and Invigorates Your Scalp--Delightful Dressing

To be possessed of a head of heavy beautiful hair, soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; fresh, new fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair, but your real surprise will be after about two weeks' use.

when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

# OWNERSHIP OF AIR OVER FORTS IN DISPUTE

Washington, Feb. 17.—The much disputed right of one aviator to fly over another's land may be touched upon if not specifically considered, by the Supreme Court for the first time shortly after the Court convenes next week. The point embraces the question of whether the Government has "taken" property within the meaning of the Constitution, by firing cannon over it, as a practice exercise in line of peace. The case concerns the operation of Battery Hobbs in Maine, near Portsmouth, N. H. The Portsmouth Harbor Land and Hotel Company owns a strip of land along the seashore, on which a hotel and re-

sort. The battery is directly back of the land, with only a narrow frontage on the seashore. Should shots from the fort be fired over the Government's own property? It is claimed, they would come dangerously near either a lighthouse or the popular New Hampshire shore. The company asserts that the Government not only has shot across its land, making it undesirable for a summer resort, but that shooting across its land is the only practical way the guns may be discharged. Under such a situation it is claimed its property has been taken by the Government. The company says claim to dominion above the surface of the land as well as under it.

# SOLDIERS ATTEMPT TO ASSASSINATE OFFICERS

London, Feb. 17.—Turkish soldiers last night attempted to assassinate and succeeded in slaying three times and badly wounding Enver Bey, the Young Turk leader, who last week made a dramatic effort to pierce the flanks of the Bulgarian army on the shores of the Sea of Marmora with a "fortified hope" of Ottoman troops, who were beaten back with terrible losses. The latest news stated that his disheartened men were crowded, wet and hungry, in the open streets of Gallipoli, in the worst kind of weather, all the houses being filled with wounded. It is said that he was about to ship his men again across the Dardanelles, owing to the report that the Greeks have landed near Zilkha Bay, intending to take the forts on the Asiatic side of the Dardanelles in the rear. A correspondent said that there was almost certainty in his opinion, if this move was attempted, for the boats are bad and would be overcrowded, and a great tempest was blowing.

Enver's was an idealist's armada, and that of a practical sailor. His men started filled with hope but, with out food, they soon got dispirited. The leaders disclaimed ordinary precautions for supplying water to the ships, and on the eve of starting they tried to solve two water boats belonging to a local Scottish shipping firm, but, needless to say, they did not succeed.

For the purposes intended the ships were bad. They were Bosphorus steamers, built to carry five hundred passengers and no cargo, but eight hundred soldiers were crowded into each, and the decks were full of saddles, ammunition and cargo, and consequently topheavy. After leaving the Golden Horn a superannuated boat, No. 40, which rolls heavily at all times began to get out of hand. One port-hole glass was burst in and water began to pour in. Ammunition, etc., was thrown overboard, and the captain beached her. The other boats struggled on in Charlotte, where there is no proper landing accommodations.

When half of Enver's men had landed and the other half were in the throes of landing and a struggle was being made to get guns, stores and horses ashore the Bulgarians made their presence known in a most abrupt and unpleasant manner. The result was that most of the Turks who got ashore were drowned, killed or taken prisoners.

Enver's armada was indeed in a deplorable plight. The tempest blew for forty-eight hours and there was no chance of landing elsewhere. As a matter of fact all Turkish disembarking plans may now be regarded as finally out of the question. Attempts were then made at Constantinople to get food and supplies for Enver and the huge starved army crowded on the Gallipoli peninsula. One pound sterling a ton was offered for ships for that purpose, but there were no takers, and the result will inevitably be the same as at Lauleburg where the army was left starving; the same outbreak of cholera and the same dispersal of the troops.

# MAY PASS BILL OVER PRESIDENT'S VETO

Washington, Feb. 17.—Supporters of the Burnett-Dillingham Immigration bill, vetoed last Friday by President Taft, renewed their canvass and Congress reconvened today for an attempt to override the President's disapproval. It would require a two-thirds vote in both houses.

House leaders thought the bill could be repassed there and that the question seemed to lie with the Senate. Senator Lodge, however, was far from among those who declared the repassage could get the necessary two-thirds vote in the upper body.

Assurance of support of the Granite Cutters' International Union of America, in its fight for the passage of the immigration bill containing a literacy test, over the veto of President Taft, was contained in a telegram received by Senator Lodge today from James Dineen, president of the association. The telegram follows:

"We deplore the President's veto of immigration bill because of literary test, and we petition and support your efforts to secure the passage of the bill over his veto."

"Working people in several conventions practically unanimously favored the literary test in the bill. It is practicable to require it for registration in order to vote in this state without injurious effect."

"Nagel's opinion is of less importance than the deliberation and action of the Congress."

# POLICE OFFICER IS APPOINTED

Thomas Condon was appointed a police officer at the regular meeting of the Police Commissioners on Monday afternoon, and he will go on duty March 1st.

Condon's appointment was agreed upon at a meeting two weeks ago, but held over until Monday at which time he was notified to qualify. Condon's appointment is a good one, for he should make a very fine officer. He has served several years in the regular army and was a first sergeant when he took his discharge.

# THIS APPLIES TO THIS CITY

A preliminary statement of a special report on financial statistics of cities of over 30,000 inhabitants in the United States in 1910 has been issued.

The name of Don's inspires confidence—Don's Kidney Pills for kidney ills. Don's Ointment for skin itching. Don's Reguloids for a mild laxative. Sold at all drug stores.

by Director Durand of the bureau of the census department of commerce and labor. The statistics were prepared under the direction of Le Grand Powers, chief statistician for finance and municipal statistics.

The increasing governmental costs of cities and a corresponding increase in revenue receipts is shown in this report by a comparative summary of the revenue receipts and governmental cost payments for 145 cities for the years 1902 to 1910.

During those years the revenue receipts of the 145 cities increased from \$119,819,001 to \$717,882,232, an increase of 60.6 per cent, and the payments for permanent public properties, and improvements, increased from \$128,833,448 to \$266,244,078 an increase of 107.9 per cent. These increases were greater than the corresponding increase in the population, as evidenced by the increase in the per capita revenue receipts from \$20.12 to \$27.24, a gain of 35.4 per cent.

The per capita payments for expenses and interest increased from \$16.37 to \$20.53, an increase of 25.4 per cent, and the per capita payments for permanent properties and improvements increased from \$5.13 to \$16.21, an increase of 66.6 per cent.

# IF CONSTIPATED OR BILIOUS--"CASCARETS"

to Bilious Headache, Sick, for Stomach or Constipation

Furred Tongue, bad taste, indigestion, sallow skin, and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing too.

### OSGOOD LODGE TO PRESENT PLAY

The following is the cast for Osgood Lodge, presentation of "The Vagabond" at their hall on Friday evening of this week.

Bascom, a Vagabond, but a gentleman after all. Sherman Caswell Leonard Trevor, an aristocratic young Virginian. William Milton Major Tomps, a bluff old soldier who says what he thinks.

J. M. Varrell Jones Oldworthy, a smooth-tongued old hypocrite. John Yeaton Percy, his son, a plain spoken rascal.

Roy Blaney Barney O'Toole, the Major's right hand man. Harry Vennard Chub Finch, the Major's nephew from Vermont. John Shaw Ephraim, the Coon. Ernest Tucker Allen, betrothed to Leonard.

Avie Varrell Mother Carew, a reputed witch. Gertrude Poole Peggy, only a girl. Cora Woods Charlotte, a jolly old maid. Florence Hersey

### SUGGESTIVE CRITICISM.

Robert Henri, the noted artist, said at luncheon in New York:

"It isn't wise for a painter to be too frank in his criticism. I know a very outspoken painter whose little daughter called at a friend's house and said: 'Show me your parlor rug, won't you, please?'"

"So, with great pride, the hostess led the little girl into the drawing room and raised all the blinds so that the light might stream in abundantly upon the gorgeous colors of an expensive Kirmanshah."

"The little girl stared down at the rug in silence. Then as she turned away she said in a rather disappointed voice: 'It doesn't make me sick!'"—Minneapolis Journal.

HIGH GRADE—STRICTLY

Progress. This is a word in "The Story of the Cadillac." Since the inception of the industry the Cadillac has become increasingly the criterion of excellence in practical construction. Each year the public looks to the Cadillac for that which represents the real progress in the development of the motor car; not for fads, not for features whose value and in their utility as "talking points"; not features which are here today and gone tomorrow; but features which are practical and features which mark real and substantial advancement.

I have a few used Cadillac cars guaranteed. It pays to buy them—they are high grade.

## ATTORNEY GENERAL IN HALIFAX FOR MURDERER

Attorney General James P. Tuttle left Manchester Sunday night for Boston, from where, after being joined by Sheriff Edward H. Lord of Cheshire county, he will leave for Halifax, to look after the interests of the state of New Hampshire in the proceedings for the extradition of "Jack" Wren, held on suspicion of the murder of Thomas S. Hamilton in Hinsdale, on the night of Feb. 6, and who was arrested as he was leaving a train in Halifax.

Attorney Orville E. Caine, county solicitor of Cheshire county, who has been in Washington to present the case and secure the necessary papers from the state department, returned Saturday morning. It has been expected that the solicitor would return on Thursday and the hearing in Halifax had been set for Saturday. Unexpected complications arising, however, caused a delay in the issuing of the papers, and it was found necessary to request a continuance until Wednesday.

Attorney-General Tuttle and Sheriff Lord will arrive in Halifax late tonight, and will have the following day to prepare their case for presentation at the hearing on the extradition. Sgt. John T. O'Dowd, who has been in Halifax since Feb. 8, will remain and assist Sheriff Lord in bringing Wren back to New Hampshire, should his extradition be granted, as it is anticipated that it will.

### WAR FORCES TO AID AMERICANS

Navy Has Strong Ships on Both Coasts—Army Ready.

Washington, Feb. 17.—Rear Admiral Southard, commander of the Pacific fleet, has gone with the cruiser Calamander from Mazatlan to Manzanilla in response to a request of the United States consul there, who reported anti-American demonstrations. The big ship sailed last night and should have

## Try the New Way of Curing Corns

Easy as One, Two, Three; No Fuss No Pain, by Using "GETS-IT."

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up, vanishes. That's

"When I Think of All the Things I Tried for Corns and Failed, and 'GETS-IT' Got 'em in a Hurry."

the surprise you get by using this new plan corn cure. There's nothing to stick in the stocking or sock; your corn pains stop. You've saved the bother of applying plasters that make the corn bulge out from the shoe. You've saved salves that cut into the healthy flesh and "pull"; no more fussing with bandages. You don't have to help by picking and dragging out your corns, or cutting with knives or razors. "GETS-IT" is safe, painless, stops pain, never hurts healthy flesh. It is guaranteed. Try it on warts, calluses and bunions, too.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Portsmouth by Tilton Drug Co., G. B. Philbrick, Boardman & Norton, F. B. Coleman.

### MORTGAGEE'S SALE OF REAL ESTATE

Charles B. Neal of Manchester, in the County of Hillsborough and State of New Hampshire, owner and holder of a certain note for Six Hundred Dollars and mortgage to secure the payment of the same, signed by John T. Gagnon, dated March 27, 1909, and recorded in Rockingham County Registry of Deeds, Vol. 64, page 261, including a certain tract of land with the building thereon, situated in Salem in said county of Rockingham, bounded as follows, to wit: Beginning at the northwest corner of the premises at the corner of a wall by the highway leading from the dwelling house formerly of Mary A. Woodbury to North Salem Village; thence easterly by land of Fred H. Woodbury to land of Mary H. Hewitt, known as the "Meeting House Lot"; thence southerly by said "Meeting House Lot" about eight rods to the highway; thence northerly by said highway to a mentioned highway to the point of beginning. Being the same premises conveyed to me by deed of George Woodbury, dated March 27, 1909. Reserving to George M. Woodbury the use of the well on said premises.

For conditions broken and by virtue of the power of sale contained in said mortgage, will sell the property described in said mortgage at public auction on the 19th day of March, A.D. 1913, at 2 o'clock in the afternoon, on the premises described therein, to satisfy the amount due on said mortgage.

Dated at Manchester, N. H., this 15th day of February, A.D. 1913.

CHARLES B. NEAL.

By H. E. Lovgren, Attorney.

DONE SO.

## PORTSMOUTH GAS COMPANY

"ALWAYS AT YOUR SERVICE"

arrived early today.

The army and navy continue to move into position to do instant work. The battleship Georgia already is at Vera Cruz, the Virginia is at Tampico, both on the Atlantic side; and the big dreadnought cruiser South Dakota is at Acapulco and the cruiser Colorado is on its way to Manzanilla, both on the Pacific. The Vermont, a 16,000-ton dreadnought, the flagship of Rear Admiral Fletcher, commanding the second division of the Atlantic fleet, is due at Vera Cruz today. The Nebraska, another 16,000-ton dreadnought also is due there. This will make the total number of United States men-of-war in Mexican ports, six, bearing approximately 6000 jacks, officers and marines, who could be landed for the relief of the legations at Mexico City should they become endangered. There are ten other battleships off Guantanamo ready to proceed to Mexico should a further force be required, as well as a number of smaller craft within handy reach.

Major General W. P. Biddle, the commander of the United States Marine Corps, informed Secretary of the marines at Philadelphia could be despatched to Vera Cruz on the transport Prairie at a few hours' notice. Another regiment can also be quickly assembled from the navy yards along the Atlantic coast to embark from some southern port, he said, and a considerable force of marines could be sent to the west coast of Mexico on warships that are now stationed on the Pacific coast of the United States. The First Brigade, First Division, which has received orders to be ready to move at once on receipt of orders, is composed of the Third Infantry, Colonel Henry Kirby, whose headquarters, with Companies E, F, G, H, K, L, M, and N, are at Port Ontario, Oswego, N. Y.; Fifth Infantry, Colonel C. D. Cowles, stationed at Plattburgh Barracks, N. Y.; Twenty-Ninth Infantry, Colonel John S. Mallory, whose headquarters, with Companies I, K, L, M, and N, are at Port Jay, Governors Island, Companies A, B, C and D are at Fort Porter, Buffalo, N. Y., and Companies E, F, G, H, I, and machine gun platoon, are at Port Niagara, Youngstown, N. Y. The First Brigade is under command of Brigadier General Marion P. Maus, who is now on his way from Vancouver Barracks, Wash., to his new headquarters at Albany, N. Y.

To transport the above troops in case of necessity orders were sent Feb. 12 that the army transports McClellan, Meade, Kilpatrick and Sumner at Newport News be made ready to embark at that point troops for Vera Cruz. Officers of the Quartermaster Corps at New York city got busy instantly. The former captains of the transports were engaged with authority to select their own officers, crews were hired, and mess stewards were hired, with authority to select their own assistants. Stores for the transports were gathered and shipped and the officers of the Q. M. D. have been working overtime. The transports are eleven-knot vessels, and would take about five days to make the run to Vera Cruz.

Should a larger force than the First Brigade, First Division, be required, it would probably proceed from Galveston, Tex., and would include forces which have been patrolling the Mexican border for many months. Troops in all parts of the United States are on the alert for a sudden call for aid.

The War Department is without funds for the transportation of troops outside the United States, except its own transports. A special appropriation will have to be made for the chartering of merchant steamships to carry additional troops if required. The War Department could, of course, obtain the charters on credit. The Q. M. D. have already a list of available merchant steamers.

The General Board of the Army worked out a campaign for the invasion of Mexico City long ago, based on the invasion of General Scott. This problem was considered at a meeting of the joint Army and Navy Board on Feb. 13, over which Admiral Dewey presided. Others present were Major General Leonard Wood, chief of staff; Brigadier General W. W. Wotherspoon,

assistant chief of staff; Brigadier General Erasmus M. Weaver, chief of coast artillery; Rear Admiral Hugo Osterhaus, Rear Admiral Charles E. Vreeland and Captain Templin M. Potts.

## COMMITTEES TO HOLD IMPORTANT MEETING

Important and interesting committee hearings are scheduled for the week by house committees as follows:

**Appropriations.**  
Tuesday, February 18, immediately after afternoon session—Crawford Notch; official guide of New Hampshire; Sheep Breeder association; deficiency public service commission; and vesting New Hampshire as a resort.

misleading advertisements; cruelty to animals.

**Roads, Bridges and Canals.**

Tuesday, February 18, 1:30 p. m.—Permanent improvement to main highways.

Generally debilitated for years. Had sick headache, lacked ambition, was worn out, and all run down. Burdock Blood Bitters made me a well woman.

Mrs. Charles Freilay, Moosep, Conn.

## TRUST OFFICIALS GO TO PRISON

Cincinnati, Feb. 17.—John H. Patterson, president of the National Cash Register Company, who with 28 other officials or former officials of the company, was convicted of criminal violation of the Sherman anti-trust law, was sentenced today to pay a fine of \$5000 and to serve one year in jail.

The men were convicted last Thursday of having violated the criminal section of the Sherman anti-trust law.

One of the 28 other defendants was given three months in jail, while three others were sentenced to nine months and the rest to one year. George Edgler of Dayton, secretary of the company, was given the lightest sentence—three months. William Bippus, treasurer; Alfred A. Thomas of Dayton and Jonathan B. Haywood of New York were given nine months in jail.

The following were sentenced to one year: Edward A. Deeds, Dayton, vice president; William K. Muzzy, Dayton, William Piffam, Dayton; Robert Patterson, director; Thomas J. Watson, sales manager; Joseph E. Rogers, assistant sales manager; Alexander C. Harned, salesman; Frederick S. Iligh, district manager, Boston; Pinney Eves district manager, San Francisco; Arthur A. Wentz, Columbus; George E. Marston, Dayton; Charles T. Walmsley, Chicago; Charles S. Snyder, Elizabeth, N. J.; Walter Cull, Denver; M. M. Jobes, Pittsburg, M. L. Lasley, Detroit; Earl B. Wilson, Los Angeles; Alexander W. Sinclair, New York; John J. Range, Washington; M. G. J. Keith, New York; William Cunningham, Brooklyn; J. C. Laird, Toronto; W. C. Howe, San Francisco; R. H. Epper, Minneapolis.

Before passing sentence, Judge Hollister denied the motion of the defendants for a new trial. The bond of Pres. Patterson was increased to \$10,000, the sureties of the other defendants remaining the same.

Formal notice of an appeal to the United States Circuit Court was given by attorneys for the defendants and the appeal is expected to be filed within a few days. The three months' sentence of Sec. Edgler, the lightest penalty imposed, was ordered set aside by Judge Hollister.

### ART OF ANCIENT EGYPT SHOWN

Director of Rhode Island School Exhibits Specimens in Lecture

L. Earle Rowe, director of the Rhode Island School of Design, spoke yesterday afternoon at the art museum on the results of two recent excavations in the Nile Valley. A large number of people were present. The collection of antiquities obtained which were shown to the public for the first time in one of the rooms in the east wing of the museum.

The collection represents four periods in the development of the artistic skill of the Egyptians, the first being the pre-dynastic period from 4000 to 3500 B. C. In this collection there are amber and shell necklaces, ivory pins, several specimens of pottery, and a number of small clay figures representing cows, horses and other animals. These figures were put in the graves in order that the dead spirit might have assistance on its journey to the next world.

The second period is identical with the building of the pyramids during the reign of Cheops in 2800. Representing this period there are two relics of Per-mernu a member of the King's court, his wife and two children. Over the right shoulder of the boy and girl is a lock of hair, showing that they are of noble birth.

The next period is that of the middle kingdom—2300 to 1750 B. C. Previous to this time only nobles were represented on the reliefs and wall decorations, but how many of the poorer classes are represented, but were only displayed in private homes. Mr. Rowe found a number of amethyst and carnelian necklaces of this period, which in some cases were in the same condition as when worn by the owner more than 4000 years ago. There is also a box made of cedar containing

### ONLY ONE

The Record in Portsmouth is a Unique One

If the reader has a "bad back" or any kidney ills and is looking for an effective kidney medicine, better depend on the remedy endorsed by people you know. Doan's Kidney Pills have given great satisfaction, in such cases. Portsmouth citizens testify to this. Here is a case of it:

Mrs. C. H. Muchmore, 130 Dennet St., Portsmouth, N. H., says: "I do not believe I would be alive today had not Doan's Kidney Pills come to my attention when they did. I had Bright's disease and suffered for two or three years from soreness and stiffness in my kidneys. I often had such acute pains through my back that I was obliged to stay in bed. The doctors gave me all kinds of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at Philbrick's Drug Store. I am glad to say that this preparation brought me prompt relief and eventually cured me. Several years have passed since then, but I still have a high opinion of Doan's Kidney Pills. I have told many other people what this remedy did for me." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

## A BLOWN OSTRICH EGG WHICH WAS USED IN WORSHIP, AND SEVERAL CURVED WEAPONS SIMILAR TO THE AUSTRALIAN BOOMERANG.

The last period of development from 1400 to 300, when the new empire was in the making, shows a great advance, especially in making personal ornaments and the small figures of animals. There are several bronze fish with inlaid eyes, which are carved with great care, and show more tendency to follow the perspective view than any of the former periods.

It is well worth one's while to see this collection, for of these periods it is the only good collection in this country. Mr. Rowe will give a slim-egypt early in May.

## WIDOWS' PENSION MEASURE FAVORED

Washington, Feb. 17.—Pensions for widows of soldiers of the Spanish war and widows of civil war veterans who married after 1890 are provided in a bill to be reported from a meeting today of the Senate pensions committee. The bill for Spanish war pensions has passed the House. Estimates place the increased cost to the government at \$7,000,000 a year.

## Stubborn Colds May Lead to Consumption

Did you ever have a cold that would not get a cough that persisted, that prevented sleep and made waking hours miserable? Eckman's Alternative is the proper remedy in such cases. Perhaps some simple medicine may be effective where it is only a tickling in the throat; but when your chest is sore and simple remedies don't answer—then take Eckman's Alternative. Neglect often leads to more serious trouble: a case in point follows.

"Gentlemen: In July, 1908, I first noticed the conditions that showed I had Consumption. I lost weight rapidly; had a hollow cough, hoarseness and very severe night sweats. My brother recommended Eckman's Alternative. In the fall of 1908, I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 130 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone." (Signed) M. L. GERHARDT.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup and Lung Troubles, and in unbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for Eckman's Alternative of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more information. For sale by all leading druggists and in Portsmouth by Benjamin Green.

## ITEMS OF INTEREST TO NAVY YARD EMPLOYEES

### Tablet for Marines

Lieut. Governor Walsh of Massachusetts will deliver the address at the unveiling of a memorial tablet at the Charlestown navy yard marine barracks in memory of four United States marines from that post who were killed in action, Oct. 4, 1912, at Culebra Hill, Nicaragua, at 2 p. m., Friday. The tablet was secured from subscriptions of marines at that post.

### Banking and Farming

Mr. Buckman Whitthrop, the Asst. Secretary of the navy intends to enter the banking business in New York as a member of the firm of Robert Whitthrop & Co., a private banking institution. He will reside at Westbury, L. I., where he will devote his leisure time to farming.

### Bids Were Opened Today

Bids will be opened at the navy department today for the new battleship Pennsylvania, which was authorized at the last session of Congress. The total cost will be about \$14,175,000. The hull and machinery will cost about \$7,125,000. She will be the largest vessel of the navy and will have a displacement of about 31,000 tons. She will be 500 feet in length and 97 feet in breadth, and have a draught of about 28 feet 8 inches. She will have a main battery of twelve 14 inch guns arranged in four turrets, two forward and two aft, each containing three guns. There will be four submerged torpedo tubes and a torpedo defence battery of twenty-two 5 inch guns. The vessel will be heavily armored and have all burning boilers of the water tube type. Several types of machinery have been proposed but no decision has yet been reached. She will have two cage masts.

### Five Took the Examination.

At the examination held at the examination hall on Saturday for the position of typewriter and stenographer at the yard, there were five applicants, two of whom were from outside the city.

### They Are All Smiling.

One draftsman, a typewriter and a messenger in the hull division were made happy today in a substantial increase of wages.

### Working Parties Scarce.

Working parties of prisoners were scarce at the yard today owing to the absence of the marine guard sent to Mexico on Monday.

### Sampson Resigns

R. O. Sampson, the efficient assistant clerk of the House naval committee, has severed his connection with that body and will engage in the practice of law, having been admitted to the bar this week. Mr. Sampson was originally associated with Representative Ross while he was chairman of the committee and since then has been with Mr. Baggett, serving both representatives in a confidential capacity and rendering useful service on committee work.

### Lieut. Remick Very Ill

Lieut. R. P. Remick, U. S. N., reported as seriously ill at his home in Kittery.

### Taken Suddenly Ill

Daniel Lyndon, watchman at the yard, fell ill and was taken suddenly ill while on duty on Monday. William Flynn of the public works is substituting in his place.

### Program for Monday and Tuesday

"Pathe's Weekly of Current Events" Gives you all the latest and most interesting happenings of the world at a glance.

"The Artist and the Brute"—Selk. A startling story of a painter's experience with a feline leopard.

Song—Canna and Kiss Your Little Baby.

Mr. Albert Hadley

"Brothers"—Biograph. Is a very strong dramatic story that will reach the heart of everyone.

"A Serenade By Proxy"—Edison. A comedy of mirth. Neither he nor she could sing a note but their love was awakened by most romantic serenades. How did they do it?

Song—Finnigan Gave It To Me.

Mr. Albert Hadley

"Down On the Rio Grande"

One of those strong, stirring, and massive military pictures of the border portrayed by the Lubin company.

"It Made Him Mad"—Vitagraph. A screaming comedy. Smith was no fighter, they insist he is, he gets his dander up and what he don't do to them is a shame.

Matinees, 2.30; evening, 7.00; Saturday evening 1.30.

## The Herald Hears

That the Vaughan street Fishing Club will now have opposition in the Red Claw Club.

That the Red Claws will live on the river and in the harbor the coming summer.

That a few women say it's not worth while to lose sleep for the purpose of searching their husband's pockets.

That it is safe to say that the days of skating for the winter of 1913 on the South pond are numbered.

That the curbing on the sidewalks on Deer street to Market street looks like a corker.

That there is great attraction for the boys at Dover Sunday afternoons and evenings.

That the girls' club has put in a very busy and enjoyable winter so far.

That dresses that button up the back were invented for testing a man's patience and keeping him humble.

That passenger trainmen of the Boston & Maine can now utilize their spare time in reading the several orders issued for their guidance.

That the fish that gets away is never half so big as the story the fisherman tells about it.

That the man wearing a straw hat on a wager this winter would not have to do much of a stunt.

That the Greek colony were right there strong at the wrestling match on Monday night.

That the girl with the kodak made a hit at the navy yard.

That she will know the game better the next time.

That it was a short notice the marine guard got to get ready for Mexico on Monday.

That it showed how well this station was prepared for such emergency in the quick time that 142 men were on their way.

That no station of the government has anything on Portsmouth when the marines are needed.

That Mrs. June Young, aged 94, mother of 12 children, and great-grandmother, died yesterday in Dover.

That the Board of Engineers were before the Finance committee last night for the needs of the fire department.

That the Boston & Maine is said to be ready to spend \$20,000 to improve the freight yard at Dover.

That it would take \$40,000 to put the yard here in the proper shape.

That the Italian band has lost a few of its leaders lately.

That the devil's ball last night was some speed.

That several spectators took a look at the fancy spokers on the quiet.

That the curtains should be pulled the full length the next trip.

That the snow play of the local electric railway has only been used once this winter.

That the mayor of York Beach was about town last night.

That Jack was a busy man every minute that he was here.

That he tossed his bid into the ring at the wrestling match.

That no one took a kick at the sky-pec.

That the Boston & Maine railroad has adopted motor trucks for freight work in some of the larger freight houses.

That a resident of Elliot employed in one of the markets of this city commences three hours in masticating his evening meal.

That his fellow workmen say three hours is necessary judging from the size of the grub bucket he brings down from the town across the river every day.

Butler & Marshall, Real Estate Agents, Portsmouth, N. H.

PORTSMOUTH THEATRE PROGRAMME

Pathe's Weekly No. 5.

Speaks an intelligible language to every nationality, and makes its appeal to people of every tongue, race, creed, or age, and will appeal to you.

Song—I Don't Know Where You Are Tonight.

Mr. Homer Roberts

A Life in the Balance—Kalem. Knowing that he will inherit a large estate if his unhealthily cousin dies, he plans not to let him recover.

Act—Sweeney & Rooney—Singing and Dancing.

A Corner in Crooks—Vitagraph. Two hooches arrive in town by a cat freight. They get the reward for their own capture. How did they do it?

Act—The Dances—Comedy Juggling. Between Two Girls—Pathe. A little romantic farce, with our old friend "Whiffles" as an undeclared lover.

Song—(Spotlight)—For Killarney and You—My Request.

Mr. Homer Roberts

Brunch Billy's Ward—Edison. Brunch Billy is in love with his ward. Seeing he can make her happy by letting her marry his friend, whom

## MAKE FEB. 12 UNION DEFENDERS' DAY

Chicago, Feb. 17.—Lincoln's birthday anniversary hereafter will be celebrated by the Illinois Sons of Veterans as "Union Defenders' Day," according to announcement made last night, following a meeting of three camps. The purpose of the change, it was said, is to make the day more of a completely patriotic celebration.

### GREENLAND.

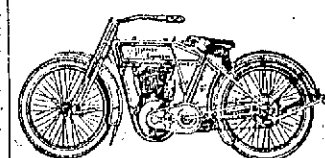

Miss Elizabeth Lavering has returned to her home after a pleasant visit with relatives in Boston and Brookline.

Mr. and Mrs. Will Whelan were recent visitors at the home of their daughter, wife of Station Agent Herbert Dume at Dover Point.

The few days' sleighing has been spoiled by the present warm weather and the streets are again in the muddy condition that has prevailed nearly all winter.

Mr. E. W. Brennan, a resident of Magnolia, Mass., near Manchester by the Sea, was in town recently and purchased an auto of Mr. Weeks, who delivered it to that place the following day.

THE MOTORCYCLE MAN

E. FLORENCE HORNE  
TEACHER OF PIANO

Experienced and highly recommended. Special course for beginners.—advanced pupils desired.—Harmony, History of Music. Phone 761-M.

7 Islington St., Portsmouth, N. H.

Village Place in Kittery, Me.,  
For Sale.

Desirable seven-room house, with bath and reception hall, hardwood floors, fireplace, hot and cold water, bathroom with all open plumbing, furnace heat and concrete cellar. House is fully screened and has double windows.

The lot is 50 feet front and 222 feet deep. Has a number of large apple trees in good bearing condition, very nice hollyhocks, large blackberry patch (which yielded 250 baskets last year), raspberry patch, asparagus bed, and a good garden.

There is a good, new hen house that will accommodate 40 hens. There is a faucet for running water in the garden.

Five minutes to steam or electric cars, with five-cent fare to Portsmouth, N. H.

This property sits on a very high and slightly location, with a wide view down through the lower harbor to the ocean. It is very attractive, in excellent condition, and would make an excellent summer home, or all-the-year-round, as desired.
